

Technical Data Sheet

PROPERTIES		SPECIFICATIONS	REF
PRODUCT & MECHANICAL PROPERTIES	Material	Non-woven Polypropylene	
	Function	For joining Nidagreen® / Nidasport® artificial grass underlay	
	Roll Coverage	50 linear metres (5 sqm)	
	Roll Length	50 m	
	Tape Width	100 mm	
	Tape Thickness	2 mm	
	Colour	Green	
	Adhesive	Permanent made from synthetic rubber	
		Covered with a protective polypropylene film	
		Silicon layer on both sides of film	
	Chemical Resistance	High resistance to water, most acids and salt solutions	
	Temperature Behaviour	UV and Frost Resistant
